PYTHON, LARAVEL AND WEB DEVELOPER

I am software engineering. I consider myself a responsible and orderly person. I have 1 year of experience in Python (Django), Laravel, etc. Now I am looking forward for further enhancements of my skills.

KEY COMPETENCIES

Process improvement	Report writing and presenting	Strong interpersonal skills
Data-driven strategic planning	Critical thinking skills	Proactive and self-motivated
Cost-benefit analysis	Excellent communication skills	Exceptional organisational skills

PROFESSIONAL EXPERIENCE

W3care Technologies Pvt. Ltd.

March 2024 - September 2024

Backend Developer

I worked as a backend developer at W3care Technologies Pvt. Ltd., where I designed and implemented scalable APIs and optimized database queries to enhance application performance. I collaborated with front-end developers to ensure seamless data integration and maintained secure user authentication systems. My role also involved debugging complex server-side issues and deploying solutions to production.

DigitaladdworldTech

Sept 2024 - Dec 2024

Backend Developer

I worked as a backend developer at DigitaladdworldTech, specializing in Python, Django, and Laravel. My responsibilities included designing RESTful APIs, developing scalable server-side logic, and ensuring efficient database management. I collaborated with cross-functional teams to integrate front-end features and implemented secure authentication systems. Additionally, I optimized application performance and resolved critical backend issues in production.
